# TUITION

YOU CAN PAY  
PER CLASS OR  
TAKE ALL 6  
WEEKS TO SAVE  
SOME MONEY!

Tuition is added up separately by each class you take and each class length has its own rate. See below for pricing breakdown.

**6 Week Tuition Example:** If you take one 45 minute class & one 60 minute class, your total tuition would be  $\$98 + \$121 = \$219$ . That's just  $\$18.25$  per class for 6 weeks!

**Pay Per Class Example:** Come to classes when you can and pay the class rate amount based on the length of your class.
